#### ABOUT THE BOOK:

*Taiwan Green Parties: Alternative Politics in Taiwan* is the latest monograph by Dr. Dafydd Fell. Examining the Green Party Taiwan (GPT) since its establishment through the aftermath of the most recent national elections in January 2020, the book focuses on Taiwan's most important movement party over the last two and a half decades. Despite its limited electoral impact, its leaders have played a critical role in a range of social movements, including anti-nuclear and LGBT rights campaigns.
